- ✓ **Amendments to the July 20 2008 general meeting decisions.**
- ✓ Setting up Committees.
- ✓ Any Other Business.

Following intense consultation within the Executive, and taking cognisance of the prevailing mood within our branch to abandon unnecessary confrontation and embark on a genuine effort to move forward, the Chairman has directed me to send out this invitation, as well as to share with you some of the plans reached by the Executive to break the impasse in this branch. We are therefore proposing to members at the next general meeting to consider the setting up the following Committees that will underpin our collective peace and reconciliation efforts:

- (1) **Electoral Reform Committee** – To be charged with the responsibility of working with the Executive to come up with a **comprehensive Membership list** for the branch;
- (2) **Finance Oversight Committee** – To work with the Executive to produce a **credible and transparent financial report** for the branch;
- (3) **Disciplinary Committee** – To **adjudicate on all disciplinary matters, and safeguard the ethos of our party and the branch.**

The composition of these committees will be drawn from members across the board.

It is sincerely hoped that these proposals will help lay the foundation for trust, confidence, reconciliation, and the progress of our beloved branch. We are therefore appealing to all members to approach the forthcoming meeting with the necessary frame of mind that will advance the cause of our branch in the interest of our inter-personal relationships and the importance of the strategic value of this branch to the image of our party.

I look forward to meeting you.

Yours sincerely,

Dr. Kenneth Brima
(Secretary-General)
